Origins Lab, The University of Chicago, 5734 South Ellis Avenue, Chicago IL 60637
E-mail: zhez@uchicago.edu

EDUCATION

09/2018 – Present Graduate student, The University of Chicago
09/2015 – 01/2018 **M.Sc.** in Geochemistry, The University of Alberta, Canada
09/2011 – 07-2015 **B.Sc.** in Geology, Peking University, Beijing, China

WORKING EXPERIENCE

09/2018-12/2018 Teaching Assistant for PHSC 10800: Earth as a planet, The University of Chicago
09/2015-07/2018 Research Assistant, The University of Alberta
09/2016-12/2016 Teaching Assistant for EAS 320: Geochemistry, The University of Alberta
01/2015-06/2015 Teaching Assistant for Sequence Stratigraphy, Peking University

PUBLICATIONS

Li, J., **Zhang, Z.**, Stern, R. A., Hannah, J. L., Stein, H. J., Yang, G., & Li, L. (2017). Primary multiple sulfur isotopic compositions of pyrite in 2.7 Ga shales from the Joy Lake sequence (Superior Province) show felsic volcanic array-like signature. *Geochimica et Cosmochimica Acta*, 202, 310-340.

HONORS & REWARDS

11/2014 The Outstanding Academic Award, Peking University, China
10/2014 The Panasonic YUYING scholarship, Peking University, China
